Key findings

1 Shoppers do not expect a shipping fee under \$99

Shipping cost tickets rose from 8 to 25 between the first and second half, and the average CSAT is 2.3 of 5.

Next step: Say first: free shipping starts at \$99.

2 Fit doubts slow jacket and base layer sales

18 tickets ask about size, and 30% of “size chart” searches end the visit.

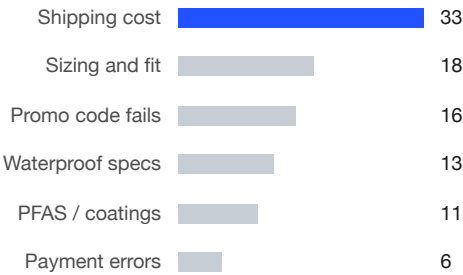

Next step: Say: take one size up to wear over a fleece.

3 Buyers say our rain gear keeps them dry

13 shoppers ask if gear is waterproof. 5 buyers say it kept them “completely dry”.

Next step: Give the mm rating, then these buyer words.

Exhibit 1: Shipping cost is the first question that shoppers ask before they buy

Source: Pre-purchase and checkout support tickets, Jul 27 to Sep 20, 2026 (99 of 150 tickets)

Did you change the free shipping minimum? The banner says free shipping but at checkout it added \$9.95. Pretty frustrating.
