

Clear answers on shipping, fit and coatings can win most pre-purchase questions

Sales brief · Fernhill Supply Co. · Jul 27 to Sep 20, 2026 · Sources: GA4 (219,152 sessions), 150 support tickets, support team notes

66%

of tickets come before a first order

33

tickets ask about shipping costs, the top topic

11

shoppers asked if coatings are PFAS-free

Key findings

1 Shoppers do not expect a shipping fee under \$99

Shipping cost tickets rose from 8 to 25 between the first and second half, and the average CSAT is 2.3 of 5.

Next step: Say it first: free shipping starts at \$99. Suggest an add-on that reaches it.

2 Fit doubts slow jacket and base layer sales

18 tickets ask about size, and 30% of “size chart” searches end the visit.

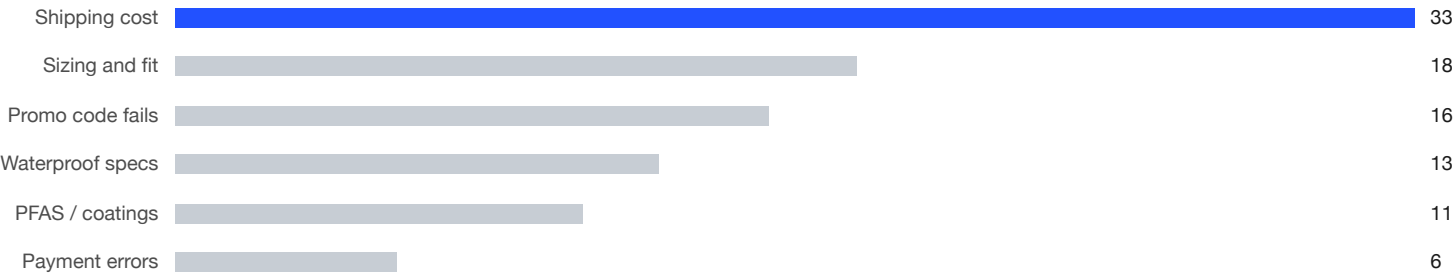

Next step: Use one fit answer: to layer over a fleece, take one size up.

3 PFAS questions have no answer yet

11 shoppers asked about PFAS before they bought, and 36% of “pfas free” searches end the visit.

Next step: Get one approved PFAS answer from the product team this week.

Exhibit 1: Shipping cost is the first question that shoppers ask before they buy

Source: Pre-purchase and checkout support tickets, Jul 27 to Sep 20, 2026 (99 of 150 tickets)

Did you change the free shipping minimum? The banner says free shipping but at checkout it added \$9.95. Pretty frustrating.
